

Lodge #49 – Aurora Police Department Date: April 3, 2007

---

Members,

Most of you have received a bill from the APA for Fair Share for the 2006 contract. The FOP BOD has not agreed to an amount for the 2006 contract. You are free to pay the amount if you wish. Those of you who want to ensure that the requested amount is in fact “Fair Share”, return your bill (without payment) with a letter stating that you are contesting the amount and want to see documentation verifying the amount as accurate. This will start the process that we went through last time to ensure we are not being over charged.

We will keep you updated via the website and email throughout this process. Please contact me or any board member with questions.
